

Profile of Sri Chanchal Goswami, Director (Tech)P&P

Having outstanding technical and managerial capabilities, Sri ChanchalGoswami is a 1984 graduate from prestigious Indian School of Mines, now IIT-ISM, Dhanbad. He also has in his arm a M. Tech degree in Open Cast Mining Technology from the same Institute. He started his Coal India Journey in the same year at CCL, one of the Mini-Ratna Subsidiary of CIL, as Junior Executive Trainee.

In his long journey of 35 years from Junior Executive Trainee to Director (Technical), Bharat Coking Coal Limited, he has a long list of excellent performance to his credit. He worked as General Manager, Jayant OCP, Nigahi OCP, Amlohri OCP at NCL. He was instrumental in getting the Environmental Clearance of Jayant OCP for a peak capacity of 25 Mty.

Expansion of mines has been his passion.He is credited with capacity expansion of Amlohri OCP from 4Mty to 14 Mty, Nigahi OCP from 15 Mty to 18 Mty and Jayant OCP from 20 Mty to 25 Mty. At corporate level also during his posting at NCL, his services where utilized in Corporate Planning and Contract Management Cell wherein he has delivered excellent results for the long term sustainability of mining operations in the company.

Apart from having working experience in mines having large capacity HEMM, 24 cubic meter draglines, 20 cubic meter shovels, he is also credited with facilitating the introduction of Surface Miners, 5 Mty CHP etc in NCL.

Sri Goswami has travelled abroad on official assignments and thus is abreast with the state-of-the art Mining technology being deployed globally. In view of his vast technical and managerial expertise he has been bestowed with the responsibility of Director(Technical), BCCL since 4th October 2019.
